Stream Restoration

Project Site

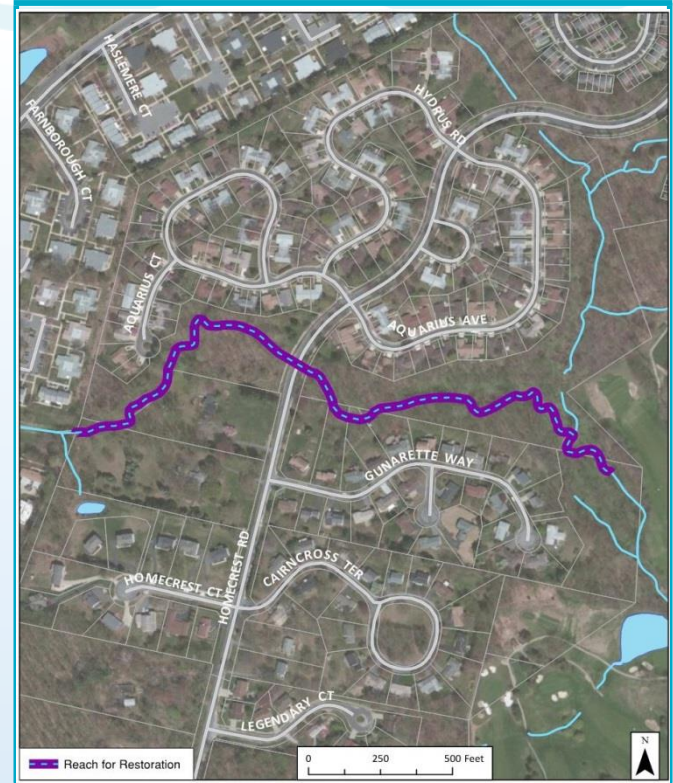

Community Public Meeting Tues, Nov 17th 7:00 - 8:30 pm

In case of inclement weather, call 240-499-8531
Strathmore Elementary School – All-Purpose Room

Join the Department of Environmental Protection at an open forum meeting to hear more about the Bel Pre Stream Restoration Project. This meeting will present the most recent stream restoration designs, and provide residents surrounding the stream an opportunity to learn more about the project.

Community members will be able to ask questions and provide their feedback.

This project is part of the County's larger goal to reduce stormwater runoff, minimize pollution, promote infiltration, and restore stream conditions in the Anacostia River, the Potomac River, and the Chesapeake Bay.
